OUR SERVICES

At Fuse On Electrical Ltd, we provide a full range of **domestic, commercial, and industrial** electrical services across **Berkshire, Surrey, Hampshire,** and the surrounding areas, delivering safe, reliable, and high-quality solutions tailored to every project.

RESIDENTIAL ELECTRICAL SERVICES

We carry out complete electrical services for homes, including new installations, rewires, fuse board upgrades, fault finding, lighting installations, sockets, and general electrical maintenance. From luxury homes to renovation projects, we ensure every installation is completed to the highest standard.

COMMERCIAL ELECTRICAL SERVICES

We provide professional commercial electrical services for offices, retail units, restaurants, schools, and business premises. Our team delivers efficient installations, maintenance, testing, and ongoing electrical support to keep your business running safely and smoothly.

INDUSTRIAL ELECTRICAL SERVICES

Our industrial electrical contractors handle large-scale electrical installations, maintenance, and upgrades for warehouses, factories, workshops, and industrial facilities, ensuring compliance, efficiency, and long-term reliability.

FUSE BOARD UPGRADES

We replace and upgrade outdated consumer units and fuse boards, improving safety, efficiency, and compliance with the latest electrical regulations.

FULL & PARTIAL REWIRES

Whether for older properties, renovations, or new developments, we carry out full and partial rewires to improve safety, performance, and compliance with modern electrical standards.

EICR TESTING & INSPECTIONS

We provide Electrical Installation Condition Reports for homeowners, landlords, businesses, and commercial properties. Our thorough inspections ensure your electrical systems are safe, compliant, and meet current regulations.

EV CHARGER INSTALLATIONS

We install high-quality EV charging points for homes, businesses, and commercial developments, providing safe, efficient, and future-ready electric vehicle charging solutions.

LIGHTING DESIGN & INSTALLATION

We deliver bespoke lighting solutions for homes, offices, retail spaces, and developments, including internal lighting, external lighting, LED upgrades, feature lighting, and energy-efficient systems.

NEW BUILD ELECTRICAL INSTALLATIONS

We work with developers, builders, and contractors to deliver complete electrical installations for new build homes, commercial units, and large-scale developments from first fix to final completion.

FAULT FINDING & REPAIRS

Our electricians quickly diagnose and repair electrical faults, helping homeowners and businesses resolve issues safely with minimal disruption.

EMERGENCY ELECTRICAL CALLOUTS

We offer fast-response emergency electrician services for urgent electrical faults, power issues, and safety concerns, providing reliable support when you need it most.

ELECTRICAL MAINTENANCE

We provide planned and reactive electrical maintenance services for domestic, commercial, and industrial properties, helping prevent issues and maintain safe, reliable electrical systems.
