OUR SERVICES

At Fuse On Electrical & Building Services, we provide a complete range of electrical and building solutions for **domestic**, **commercial**, and **industrial** clients across **Berkshire, Surrey, Hampshire**, and the surrounding areas, delivering safe, reliable, and high-quality services tailored to every project.

DOMESTIC ELECTRICAL & BUILDING SERVICES

We carry out full electrical work and building services for homes, including rewires, fuse board upgrades, lighting, sockets, extensions, kitchen & bathroom installations, carpentry, plastering, decorating and more. Everything you need, one trusted team.

COMMERCIAL ELECTRICAL & BUILDING SERVICES

We provide professional electrical and building solutions for offices, retail units, restaurants, schools, GP surgeries, and business premises. From new installations and refurbishments to maintenance and testing, we keep your business running safely and efficiently.

INDUSTRIAL ELECTRICAL & BUILDING SERVICES

Our industrial services cover large-scale electrical installations, maintenance, upgrades, and compliance workshops, factories, warehouses, and industrial facilities. Delivering reliable, efficient solutions that meet regulations and minimise downtime.

CONSUMER UNIT UPGRADES

We upgrade outdated consumer units and fuse boards to improve safety, capacity and compliance with the latest electrical regulations.

FULL & PARTIAL REWIRES

Whether for older properties, renovations, or new developments, we carry out full and partial rewires to modern standards for safety, performance, and reliability.

EICR TESTING & INSPECTIONS

We provide Electrical Installation Condition Reports for homeowners, landlords, businesses, and commercial properties. Our thorough inspections ensure your electrical systems are safe and compliant.

EV CHARGER INSTALLATIONS

We install high-quality EV charging points for homes, businesses, and commercial developments, providing safe, efficient and future-ready charging solutions.

LIGHTING DESIGN & INSTALLATION

We deliver bespoke lighting solutions for homes, gardens, offices, retail spaces and developments, including LED upgrades, feature lighting and energy-efficient systems.

NEW BUILD ELECTRICAL & BUILDING SERVICES

We work with developers, builders, and contractors to deliver complete electrical and building solutions for new build homes, commercial units, and large-scale projects from start to finish.

FAULT FINDING & REPAIRS

Our electricians quickly diagnose and repair electrical faults, helping homeowners and businesses resolve issues safely with minimal disruption.

EMERGENCY ELECTRICAL CALLOUTS

We offer fast-response emergency electrician services for urgent faults, power failures and electrical hazards, providing reliable support when you need it most.

ELECTRICAL & PROPERTY MAINTENANCE

We provide planned and reactive maintenance services for domestic, commercial, and industrial properties, helping prevent issues and maintain safe, reliable electrical systems.
